

## Web Hosting

We've partnered up with the good and honest folks over at DreamHost. They've been around the web hosting scene for over a decade (forever in Internet years), so they know a thing or three about providing fast, reliable, and secure hosting. Best of all, they treat all their customers like friends. And we know this because we use DreamHost ourselves.

Rizon doesn't try to re-brand or resell you a hosting service like the "other guys" do. Instead we refer you directly to experts, DreamHost. You get the best service, the best features, and the best deals without any middlemen to yell at. Just click on any DreamHost banner displayed on this site and sign up. You'll save a couple extra bucks this way (US\$12 to be exact, if you sign up for 1 year), and we earn a couple dollars too for referring you. Its win-win.

If you decide to sign up later directly at DreamHost, do you and me both a favour by using the promo-code: RIZON during registration, and you'll receive the same discount. And of course, feel free to share the love by sharing the promo-code.

We know that no matter how easy it sounds, sometimes you just need someone to walk you through the process, so if you have any questions drop us a line, we'd be glad to help. Happy hosting!
